# Chapter One

---

# Keywords:

Knowledge of Self

Self-Awareness

Cipher: Why is the medical fields understanding of Artemis so important for him to carry out his plans?

Postulate: When considering the mind of Artemis, how does one develop intuition as to rather or not his ideas fit into mainstream society, and therefore can be used [creatively]?

# Cipher Planning

The root of Artemis is [logic and reasoning], and his intellect allows him to use it in such a way as to develop an understanding of [reality] more thoroughly than most people.

Postulate: How does the ideas of Artemis relate to the system of cipher planning? How does it change one's understanding of how to develop each other's self-awareness?

# Theory

“When there is intellect and no proper outlet for creative activity, criminal works develop.”

# Theory

Imagine that you are a human who is very intelligent, and therefore believes in supernatural entities; however, you cannot convince anyone to believe you. How do you proceed?

# Theory

Create a timeline of a researcher who is tasked with developing an idea of why Artemis began to believe in fairies to begin with. What are at least three major events that are required for this to happen?

# Beliefs

Cipher: Why is the concept of family fortune so important for someone who is recreating the life of Artemis? How does Artemis's family business interrelate to his beliefs and therefore creates new avenues of business in later life?

# Chapter Two

---

# Beliefs

Cipher: Why is the concept of family fortune so important for someone who is recreating the life of Artemis? How does Artemis's family business interrelate to his beliefs and therefore creates new avenues of business in later life?
